

Argonne National Laboratory
Argonne Accelerator Institute (AAI)

Argonne Accelerator History Document Collection

Initial Goals:

- Establish a small accessible collection of documents describing notable accelerator projects at Argonne during the years 1955-2000.
- Establish a web site which can be used to access as many of these documents as permitted by copyright restrictions.

Argonne Accelerator History Document Collection

Present Status:

- Draft website is ~95% complete. It includes:
 - ~15 Web pages total
 - ~13 accelerator projects
 - ~40 references (links to documents); i.e. ~ 3 references/project
- Documents are now located in the Argonne Research Library.
- Website will go online this summer.
