## *Focus Panel 1: Control of Processes in Condensed Systems*

| *Name* | *Institution* |
|---|---|
| Bader, Samuel D. | Argonne National Laboratory |
| Banerjee, Arnab | The University of Chicago |
| Bertero, Gerardo A. | Western Digital Corporation |
| Bianconi, Antonio | Sapienza Università di Roma |
| Brock, Joel D. | Cornell University |
| Choi, Byoung-Chul | University of Victoria |
| Coppersmith, Susan N. | University of Wisconsin-Madison |
| Croft, Mark C. | Rutgers University |
| Dagotto, Elbio R. | University of Tennessee |
| Dantus, Marcos | Michigan State University |
| Dufresne, Eric M. | Argonne National Laboratory |
| Durr, Hermann A. | SLAC National Accelerator Laboratory |
| Evans, Paul G. | University of Wisconsin-Madison |
| Freeland, John W. | Argonne National Laboratory |
| Freelon, Byron K. | Lawrence Berkeley National Laboratory |
| Ilavsky, Jan | Argonne National Laboratory |
| Kevan, Stephen D. | University of Oregon |
| Kimel, Alexey V. | Radboud University Nijmegen |
| Kiskinova, Maya Petrova | Sincrotrone Trieste |
| Lang, Jonathan C. | Argonne National Laboratory |
| Lindau, Ingolf Evert | SLAC National Accelerator Laboratory |
| Lindenberg, Aaron M. | Stanford University |
| Moncton, David E. | Massachusetts Institute of Technology |
| Norman, Michael R. | Argonne National Laboratory |
| Patterson, Bruce D. | Paul Scherrer Institute |
| Ryan, Philip J. | Argonne National Laboratory |
| Sarrao, John L. | Los Alamos National Laboratory |
| Shen, Guoyin | Carnegie Institution of Washington |
| Shenoy, Gopal | Argonne National Laboratory |
| Shpyrko, Oleg G. | University of California, San Diego |
| van Veenendaal, Michel A. | Argonne National Laboratory and Northern Illinois University |
| Viccaro, P. James | The University of Chicago |
| Wen, Haidan | Argonne National Laboratory |
| You, Hoydoo | Argonne National Laboratory |
| Young, Linda | Argonne National Laboratory |
| Zholents, Alexander A. | Argonne National Laboratory |
