Subject: UV Parts

Dear Bob:

My 6/16/99 letter gave you prices on UV lamps. If purchasing in lots of 10-30, those prices can be adjusted to allow a 10% discount. However, if you are in a position to buy 30 lamps or more, we can provide the #3084 lamps for \$56.10 each. Additional discounts are available if purchased in lots that exceed 60 lamps.

Please contact my office if we can work with you on this product.

Very truly yours,

Robert Goynshor

Subject: UV Parts

Dear Bob:

First, I would like to thank you and Gene for courtesies extended during my recent visit. The requested data on resin will be sent to you from EDC. I do have the additional info on UV lamps for your review.

As noted, I was personally involved in the UV equipment at your facility by furnishing most of those systems to the installing contractors, after working with Lester B. Knight Engineers. Based on the file information I have, it notes the UV lamps in service are Aquafine Model 3084 units. I can provide these exact lamps at -----\$63.00 each.

However, at this time I can also provide lamp Model LMP 12014 which has the exact same specification that is guaranteed to be equal or better to the 3084 lamp at -----\$55.25 each.

Delivery, in either case, is normally within 5 days. Prices are fob shipping points. Upon request, we can also provide other parts for these systems. Contact me if we can be of service.

Very truly yours,

Robert Goynshor
