

The Art of Science Contest 2013

Entry Form

The Art of Science Contest will be held from Monday, August 26 through Monday, September 23.

Up to five individual images can be submitted. Images should be high-resolution (preferably 300 dpi, JPEG, PNG, TIFF or similar format).

All images must include this entry form and should be submitted to images@anl.gov by 5 p.m. Monday, September 23. Winners will be announced Monday, October 7.

Image title:	
Artist(s)/Researcher(s)	
Caption for image (100 word limit): Captions should be non-technical and in an easy to understand format for the general public	
Has this image been published? If so, please provide a reference	

Cash prizes will be awarded to the top three images and a “people’s choice”. Top prize for the best photo will be \$250, the second-place image will receive \$150 and the third-place photo will win \$50. The people’s choice will receive \$50.

Images that will not be considered:

Photographs cannot be significantly altered (i.e., collages, montages, superimpositions, etc.). The photographs are meant to represent science as art, in its purest form. Photo manipulation programs such as Adobe Photoshop can be used for simple cropping or for basic light/contrast tweaking. The goal is to keep the images as natural as possible.

No generic photos of facilities and instruments. Outside or aerial photos of facilities or photos of instruments should be visually interesting with regards to composition, color and quality.
