

# SPOTLESS

**Lynn Ribaud**

For efforts that enable and sustain the exceptionally efficient and productive mail-in powder diffraction program at beamline 11-BM of the Advanced Photon Source.

**January 2014**

# SPOTLESS

For superlative organization of the chemistry laboratory at the Advanced Photon Source Sector 20, enabling science in a safe and inviting workplace.

**Mike Pape**

**October 2013**

# SPOTLESS

**Steve Corcoran**

For creating a highly optimized, inviting environment that has made GM/CA at the Advanced Photon Source Sector 23 the world's destination for micro-crystallography

**July 2013**

# SPOTLESS

For timely and effective efforts to repurpose unused equipment to Argonne's Material Science Division and enable science in a safe and inviting workplace at the Advanced Photon Source.

**Matthew Moore**

**May 2013**

# SPOTLESS

**Mike McDowell**

For extraordinary and persistent efforts to return unused equipment to offsite owners, enabling science in a safe and inviting workplace at the Advanced Photon Source Sector 4.

**February 2013**

# SPOTLESS

**Ray Ziegler**

For extraordinary efforts at the advanced photon source sector 8-ID chemistry lab, enabling science in a safe and inviting workplace.

**October 2012**

# SPOTLESS

**Karena Chapman**

For creative implementation of web-based instruction at the advanced photon source sector 11 to enable science in a safe and inviting workplace.

**August 2012**

# SPOTLESS

**Ali Mashayekhi**

For extraordinary organization and upkeep at the Advanced Photon Source Sector 1 that enable science in a safe and inviting workplace.

**April 2012**

# SPOTLESS

**Tim Roberts**

For extraordinary and meticulous efforts at the Advanced Photon Source Sector 30-ID that enable science in a safe and inviting workplace.

**January 2012**

# SPOTLESS

For extraordinary efforts at the Advanced Photon Source Sector 11-ID-C endstation and chemistry lab, enabling science in a safe and inviting workplace.

**Rick Spence**

**October 2011**

# SPOTLESS

For extraordinary organization at the Advanced Photon Source Sector 8-BM, enabling science in a safe and inviting workplace.

**Evan Maxey**

**September 2011**
