PSC ALD SEARCH UPDATE: WE ARE ON A GOOD TRACK

We had a very good and competitive response to our posting.

- Actively solicited and followed-up with referrals.
 - Received 20 qualified applications.
- Of these, 12 candidates have been selected by the search committee for first round.
 - Slate is highly qualified, internal and external, national and international institutions, diverse.
- We will be notifying all candidates shortly regarding their status.
- Next step: First-round interviews with search committee, beginning in February
 - Feedback from community has been extremely valuable in influencing the interview process.

Please continue to respect the candidates' requests for strict confidentiality within/beyond Argonne.

Any questions? Please reach out to Stephen Streiffer, Kathy Harkay, Jim Bluemond, or any search committee member: PSCALDSearch@anl.gov.
